1. On the Home page of the app, you can directly tap the shortcut unlock button to unlock the Door Station.

3.3 Monitor Door Station

1. On the Home page of the app, you can tap the monitor icon to monitor the Door Station. You'll be muted as default to monitor Door Station. You can also unmute, unlock, take some screenshots, make it full screen, or zoom in/out with two fingers. After taking screenshots, you can find them saved in the log page.

3.4 Call Door Station

1. On the Home page of the app, you can tap the call icon to monitor the Door Station. You are not muted as default so you can directly talk with the one who is using Door

Station. You can also mute, unlock, take some screenshots, make it full screen, or zoom in/out with two fingers. After taking screenshots, you can find them saved in the log page.

3.5 Answer calls from Door Station

1. You'll receive a call when someone call you by Door Station. Tap the pop-out notification to answer. You can also mute, unlock, take some screenshots, make it full screen, or zoom in/out with two fingers. After taking screenshots, you can find them saved in the log page.

4 Unlock Methods

4.1 Unlock button

1. On the Home page of the app, you can directly tap the shortcut unlock button to unlock the Door Station.

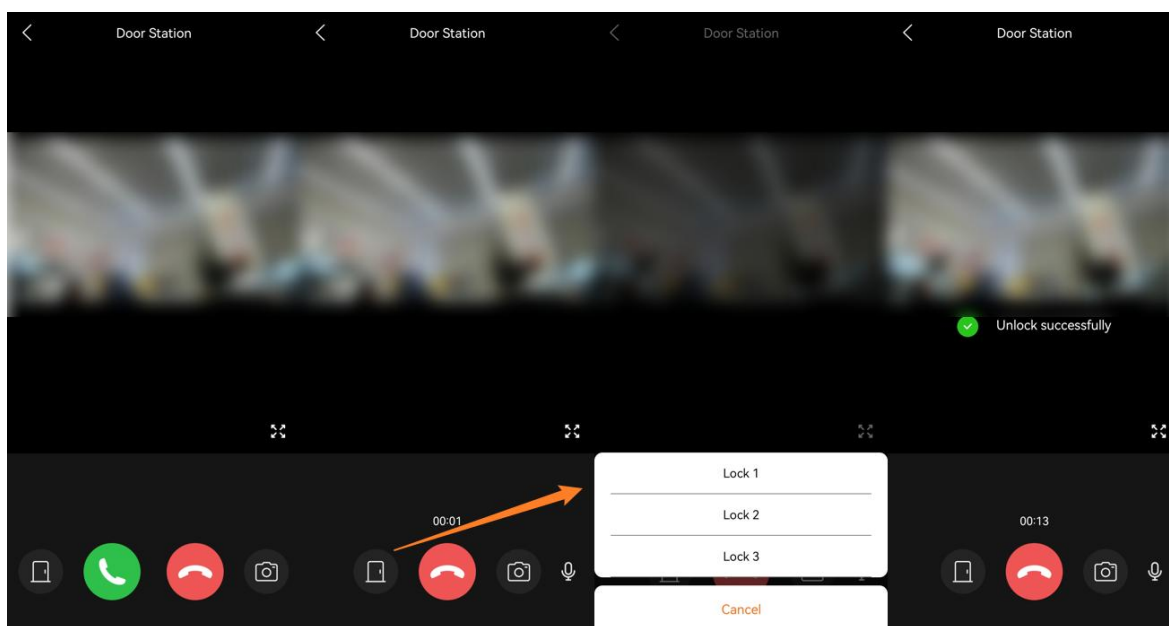

4.2 Unlock while monitoring

1. On the Home page of the app, you can tap the monitor icon to monitor the Door Station. You'll be muted as default to monitor Door Station. You can also unmute, unlock, take some screenshots, make it full screen, or zoom in/out with two fingers. After taking screenshots, you can find them saved in the log page.

4.3 Unlock while answering the call

1. You'll receive a call when someone call you by Door Station. Tap the pop-out notification to answer. You can also mute, unlock, take some screenshots, make it full screen, or zoom in/out with two fingers. After taking screenshots, you can find them saved in the log page.

4.4 Bluetooth unlock

4.4.1 Bluetooth Unlock (Near unlock)

1. Here are the steps to enable Bluetooth Unlock (Near unlock).

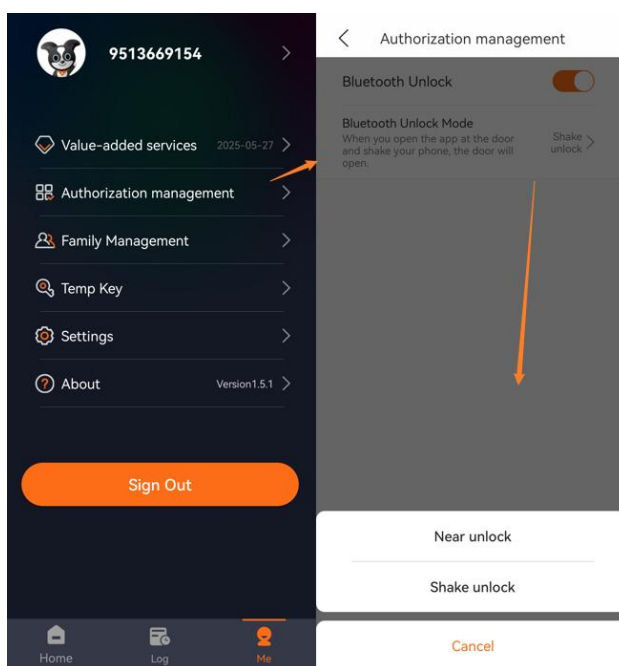

- ◆ Step 1: Go to Me page and tap Authorization management.
- ◆ Step 2: Enable Bluetooth Unlock.
- ◆ Step 3: You can find Bluetooth Unlock Mode and choose Near unlock.
- ◆ Step 4: When you are within one meter of the door, open the app and the door will be unlocked automatically.

4.4.2 Bluetooth Unlock (Shake unlock)

1. Here are the steps to enable Bluetooth Unlock (Shake unlock).

- ◆ Step 1: Go to Me page and tap Authorization management.
- ◆ Step 2: Enable Bluetooth Unlock.
- ◆ Step 3: You can find Bluetooth Unlock Mode and choose Shake unlock.
- ◆ Step 4: When you are within one meter of the door, open the app and shake your phone, the door will be unlocked.

4.5 QR Code unlock

1. Here are the steps to unlock by QR Code.

- ◆ Step 1: Go to Home page and tap QR code unlock.
- ◆ Step 2: Get QR code close and face to Door Station’s camera.
- ◆ Step 3: The door will be unlocked after QR code got scanned successfully. QR code will be refreshed automatically after 30s. It’s not suggested to share this QR code with others. Temp Key is available for visitors to use.

4.6 Temp Key unlock

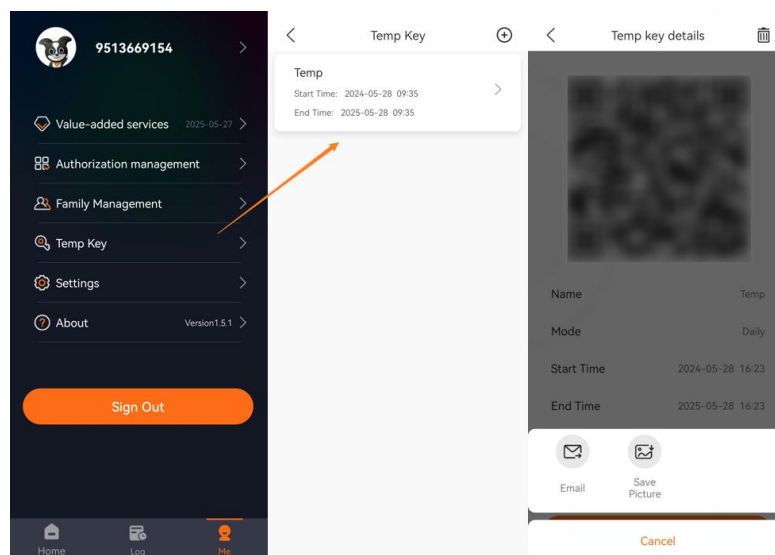

There are three types of Temp Keys: the first is created directly, and the second is generated through a QR code; both of these are intended for visitor access. The third type, the Delivery Temp Key, is specifically designed for couriers to facilitate deliveries.

1. Here are the steps to create and use Temp key directly,.

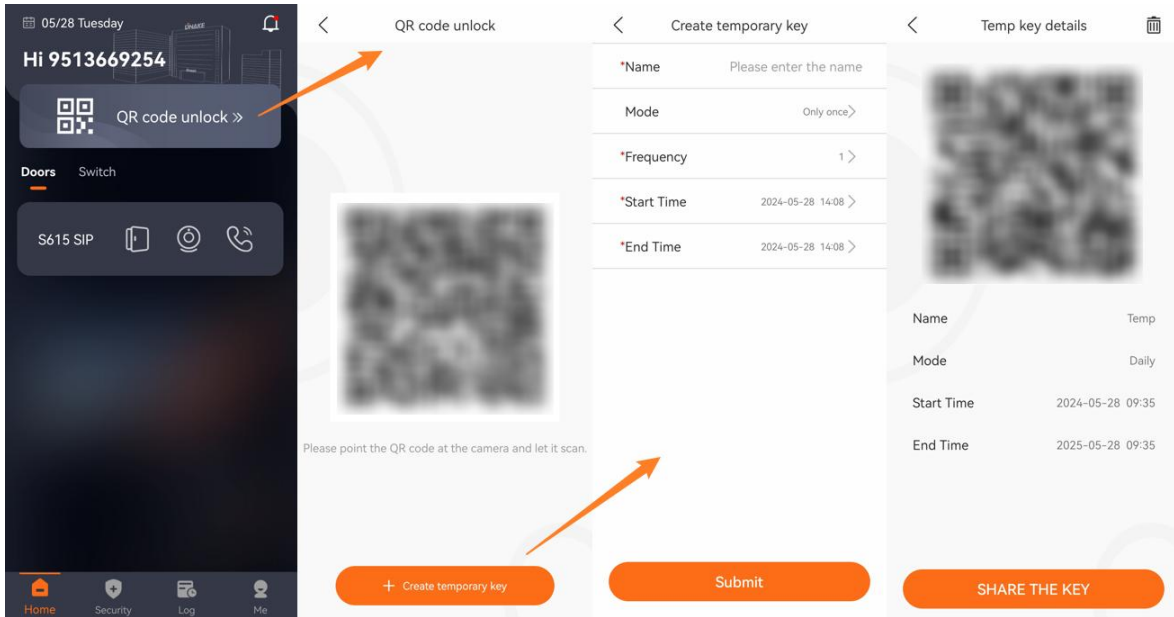

- ◆ Step 1: Go to Me page > Temp Key.
- ◆ Step 2: Tap CREATE TEMPORARY KEY to create one.
- ◆ Step 3: Edit Name, Mode (Only once, Daily, Weekly), Frequency (1-10)/Date (Mon.-Sun.), Start Time and End Time for temp key.
- ◆ Step 4: Submit and create. You tap the plus icon above to create more. There is no upper limit.

◆ Step 5: Tap Temp Key details to use or share the key via email or picture.

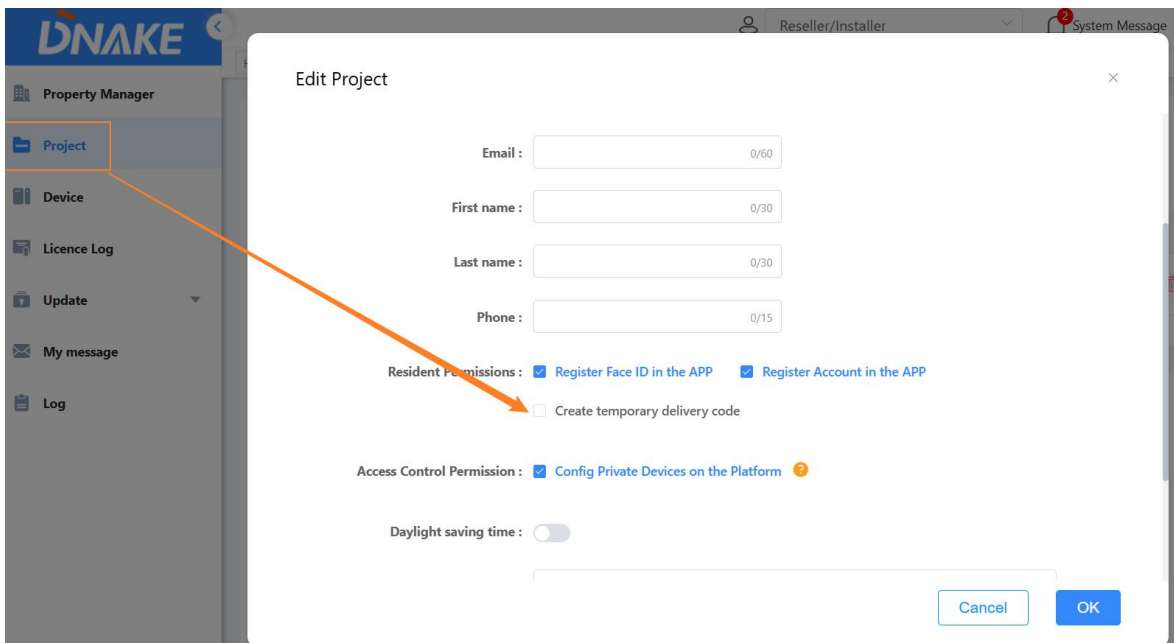

2. Here is another way to create and use Temp key through a QR code. You can find this function in QR code unlock.

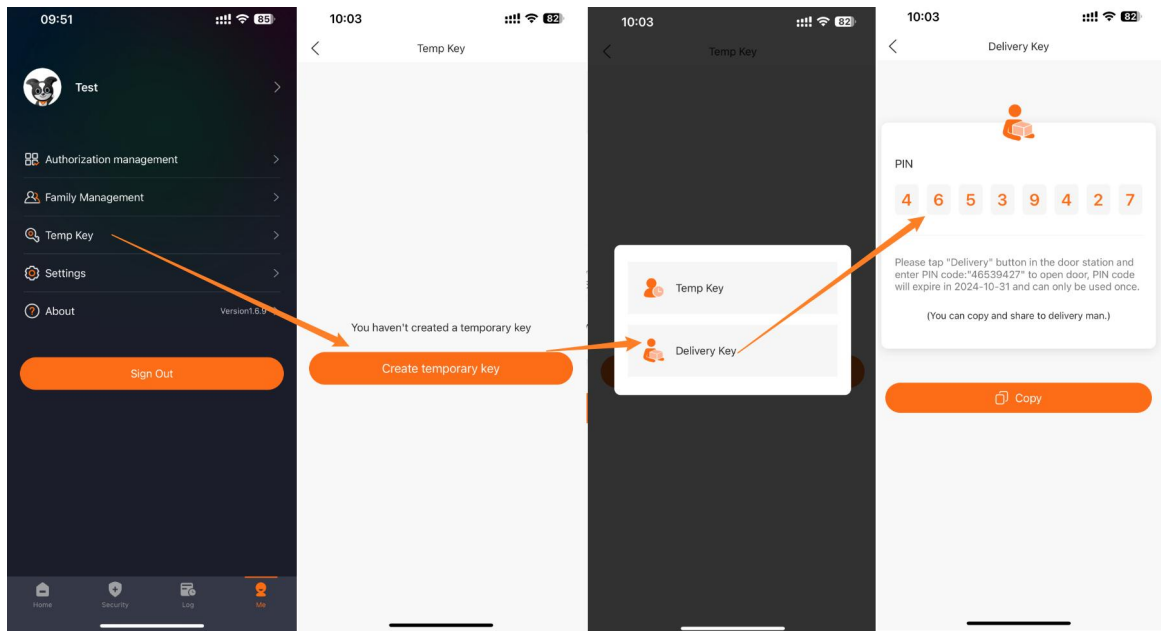

3. This Delivery Temp Key allows couriers temporary access to complete deliveries efficiently. Creating a Temp Key Unlock in the app generates a one-time password.

- ◆ Step 1: Ensure that the Delivery feature on the cloud platform is enabled. For detailed instructions, refer to section 6.4.3 of the cloud platform user manual.
- ◆ Step 2: Go to Project under Installer on the cloud platform and enable Create Temporary Delivery Code.

- ◆ Step 3: Go to Me page > Temp Key.
- ◆ Step 4: Tap CREATE TEMPORARY KEY to create one.

- ◆ Step 5: Choose the Delivery Key
- ◆ Step 6: It will generate a Delivery Key automatically.

- **Note:** Another way to quickly create a Temporary Key is also available. You also can create Temporary Key in home page.

4.7 Face recognition unlock

1. On Me page > Profile > Face, you can upload or take a selfie to use face recognition. The photo can be edited or deleted. The device should support face recognition function and Reseller/Installer need to enable this feature.

5 Security

5.1 Alarm ON/OFF

1. Go to Security page and choose modes to enable or disable alarms. Please make sure your installer associated Security with your Indoor Monitor when adding Indoor Monitor on DNAKE Cloud Platform. Otherwise, you can't use this Security function on DNAKE Smart Pro.

5.2 Alarm receiving and removing

1. Here are the steps to remove alarm notification when receiving alarms.

- ◆ Step 1: You will receive the notification of the alarm when the alarm is triggered. Tap the notification.
- ◆ Step 2: Security alarm pop-up will show up and security password is needed to cancel the alarm. The default security password is 1234.
- ◆ Step 3: After confirming, you will find the alarm is removed and shut off. To check details about this alarm, please go to Log page to check.
